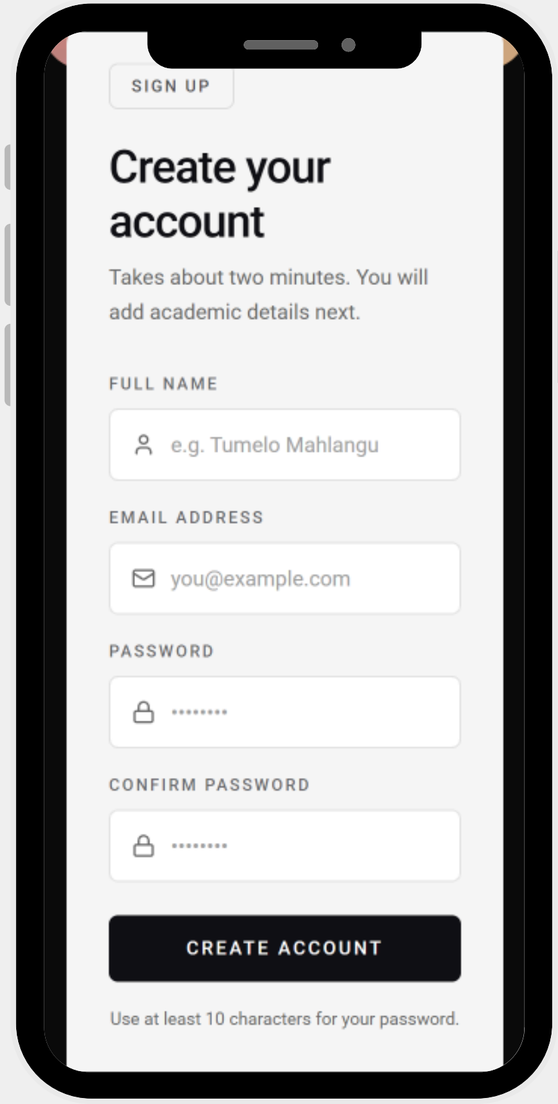
Introduction

This document is a user guide for the Scout web application.
Scout helps South African students and graduates find internships, learnerships and graduate programmes. It gives you one place to explore opportunities that match your qualifications, field of study and career interests, apply with your saved profile, and track every application.
This guide covers three types of users: Students, Providers (companies that post opportunities) and Admins (Scout staff who verify listings).

Getting Started

04



Creating an account

Purpose: How to create, verify and sign in to your Scout account.

Create and verify your account

1 On the Scout home page, select Get started.

2 Enter your full name and email. Create and confirm a password of at least 10 characters, then select Create account.

3 Open the email from Scout. Enter the 6-digit code on the Verify your email screen and select Verify & continue. You are signed in straight away.

Logging in

1 Select Log in, enter the email and password of your verified account, then select Log in.

Complete your student profile

1 Open the menu (≡) and select Profile.

2 Under Professional profile, choose Edit. Select Tertiary Student or Graduate, fill in your details and select Save changes.

System Requirements

Device compatibility

- Tablets (iPad and Android)
- Desktop computers and laptops (macOS, Windows and Linux)
- Mobile phones (iOS and Android)

Supported browsers

- Google Chrome, Microsoft Edge, Safari
- Mozilla Firefox, Brave, Opera
- An internet connection is required

Starting Scout

1 Open your web browser.

2 Go to https://scout-delta-ruby.vercel.app

3 Select Get started to create an account, or Log in.

Shutting down Scout

1 Students: open the menu (≡) and select Log out.

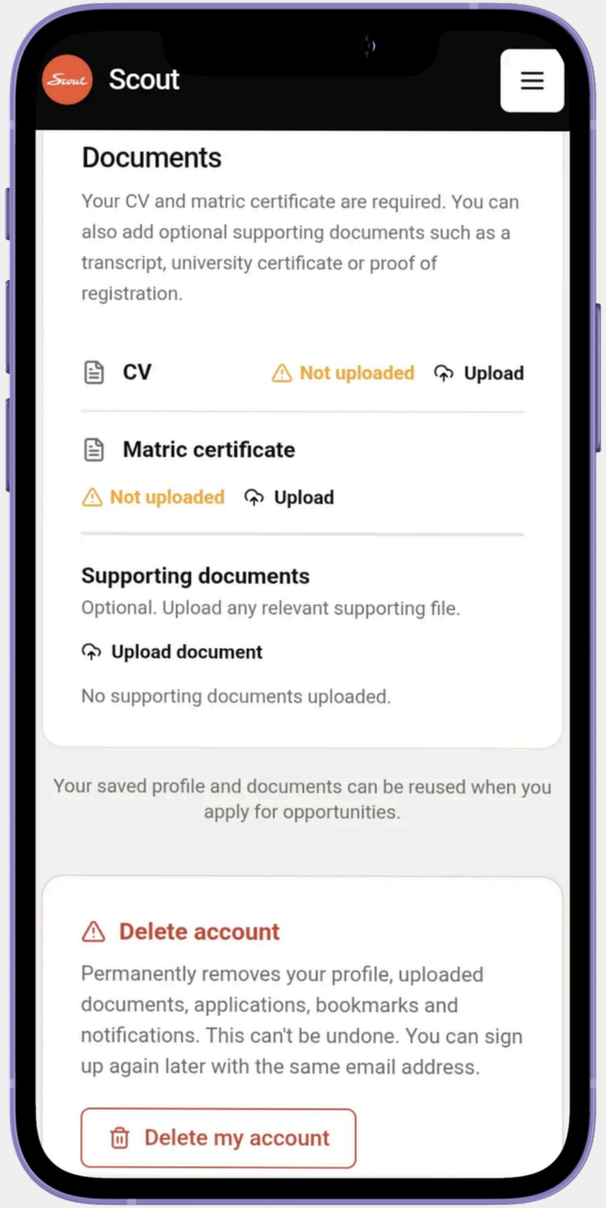
2 Providers and admins: select Log out at the top right.

3 Close the browser tab.

Tip: Always log out on shared or public computers.

Using Scout Students

07



Uploading and Managing Documents

Purpose: Scout attaches your saved documents when you apply, so you only upload them once.

Types of documents

- Curriculum Vitae (CV) – required
- Matric certificate – required
- Supporting documents – optional (transcript, university certificate, proof of registration)

How to upload documents

1 Log in and open the menu (≡), then select Profile.

2 Scroll to the Documents section.

3 Select Upload next to the document type.

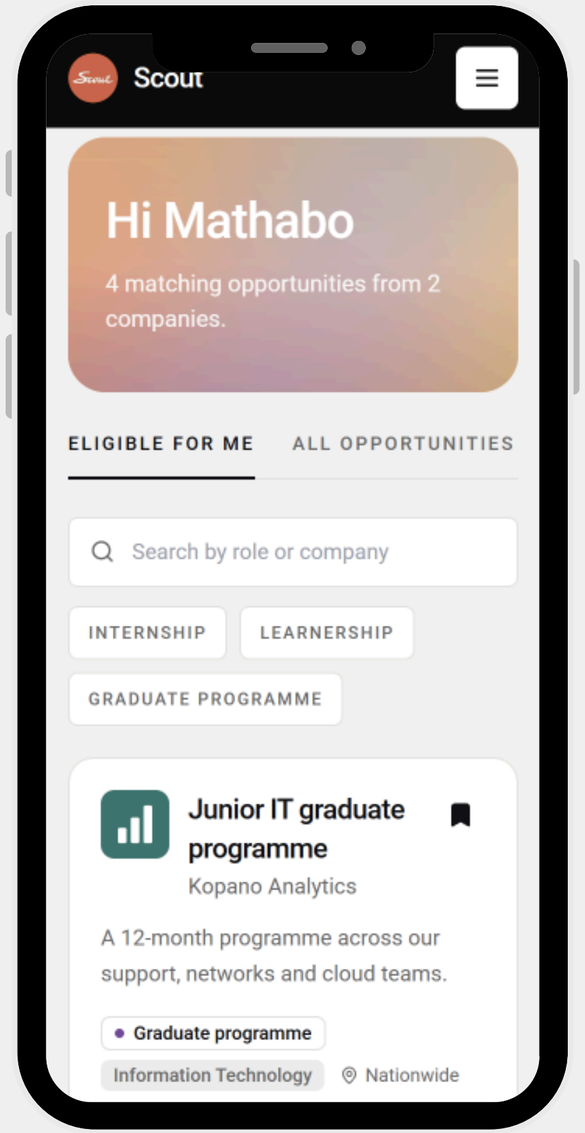
4 Choose the file from your device. Accepted formats: PDF, JPG or PNG, up to 5 MB.

5 The status changes from Not uploaded to Uploaded.

Managing your documents

- Upload a new file to replace an old one. Keep documents current, clear and readable.

Important: Your CV and matric certificate are needed before you can submit an application.



Finding Opportunities

Purpose: Discover internships, learnerships and graduate programmes.

Browsing opportunities

1 Log in. Your home screen shows how many opportunities match your profile.

2 Select Eligible for me to see only opportunities you qualify for, or All opportunities to see everything.

3 Select an opportunity card to view its details.

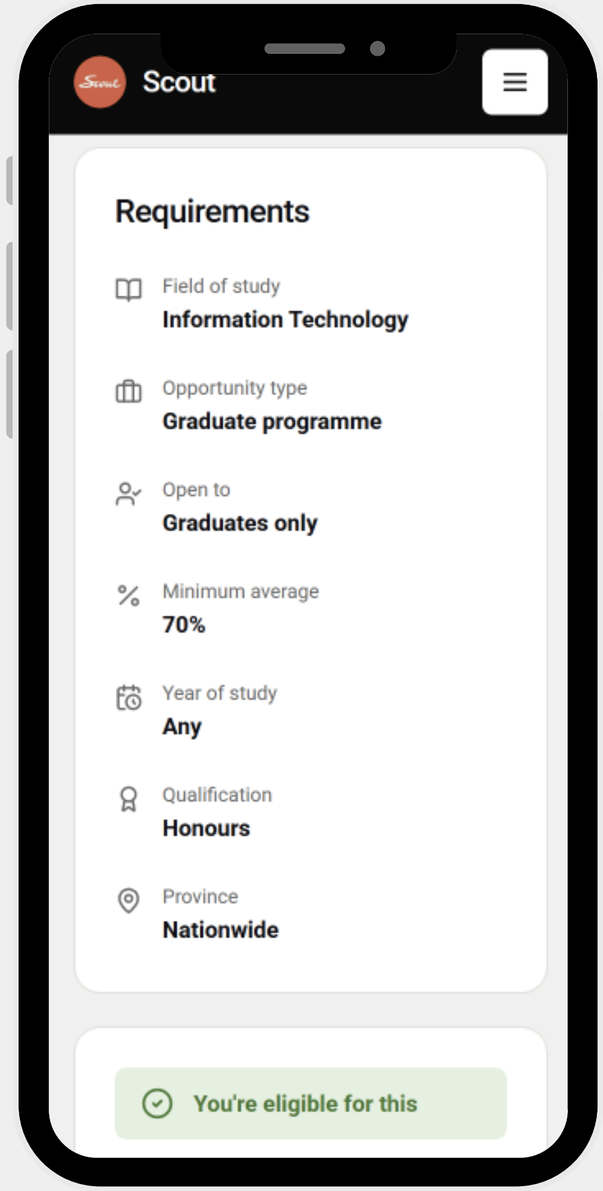
Searching and filtering

- Search by role or company using the search bar.
- Filter by type: Internship, Learnership or Graduate programme.
- Eligible for me matches your field of study, average, year or qualification and province automatically.

Saving for later

- Select the bookmark icon on a card to add it to your Watchlist.

Important: Check the closing date before applying.



Opportunity Details and Eligibility

Purpose: Discover internships, learnerships and graduate programmes.

Browsing opportunities

1 Log in. Your home screen shows how many opportunities match your profile.

2 Select Eligible for me to see only opportunities you qualify for, or All opportunities to see everything.

3 Select an opportunity card to view its details.

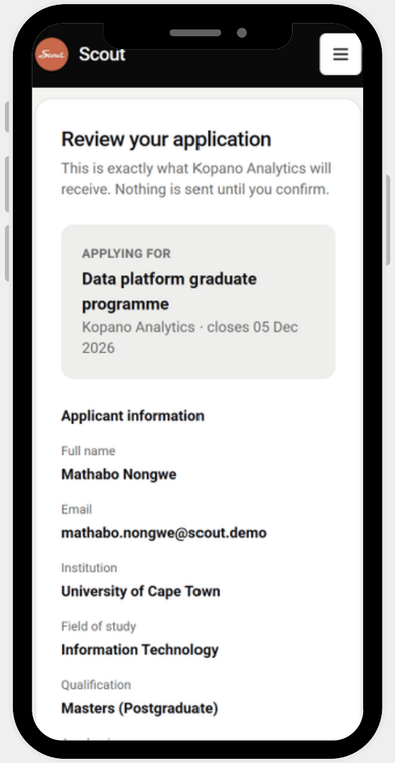
Searching and filtering

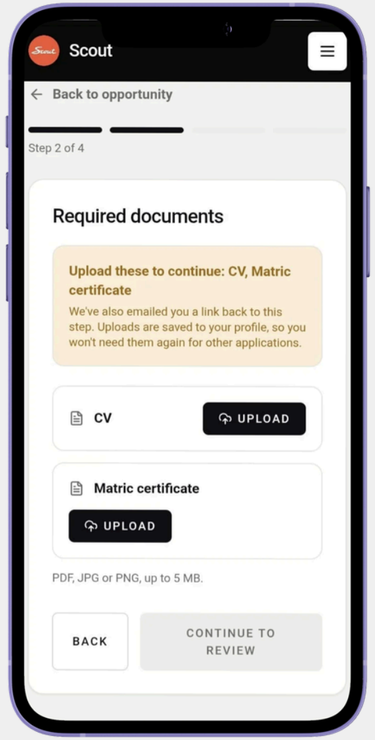
- Search by role or company using the search bar.
- Filter by type: Internship, Learnership or Graduate programme.
- Eligible for me matches your field of study, average, year or qualification and province automatically.

Saving for later

- Select the bookmark icon on a card to add it to your Watchlist.

Important: Check the closing date before applying.





Applying for Opportunities

Purpose: To complete, review and submit an application using Scout's assisted apply.

Application process

1 Open an opportunity and select Apply.

2 Required documents: if your CV or matric certificate is missing, upload it here. It is saved to your profile for future applications.

3 Select Continue to review.

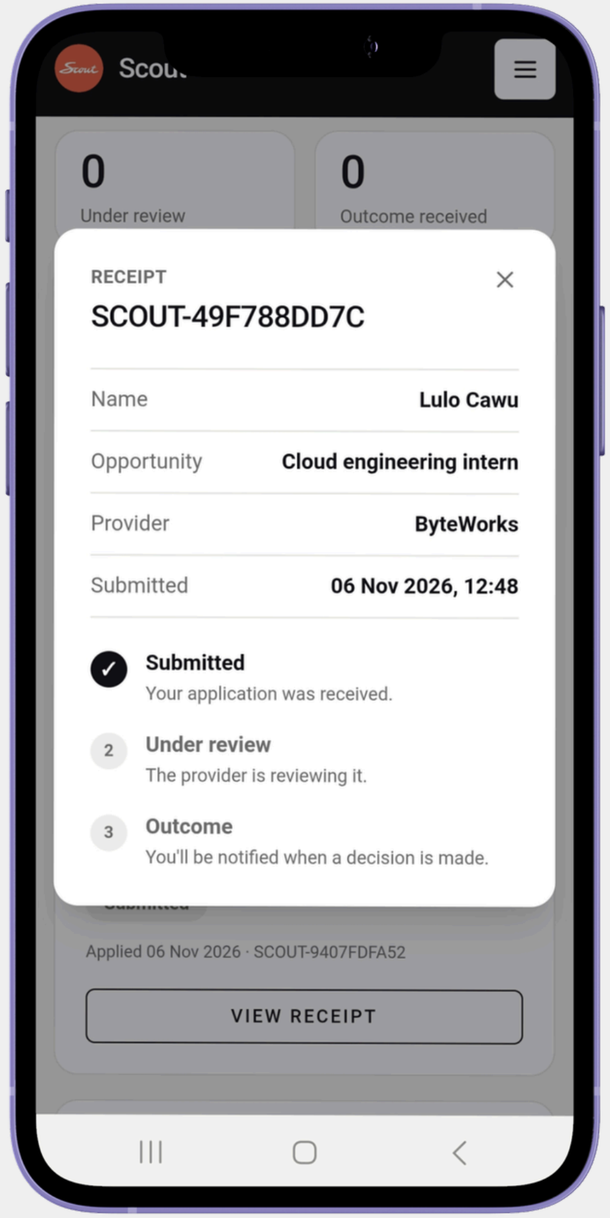
4 Review your application. Scout fills in your details from your profile. Check that everything is correct.

5 Select Confirm to submit.

Before you submit

- Check that your CV is up to date.
- Make sure documents are clear and readable.

Important: Nothing is sent to the provider until you confirm. You can apply once per opportunity.



Application Confirmation and Receipts

Purpose: To give you a record of every application you submit.

After you submit

- Scout shows a confirmation with your reference number
- You also receive a notification confirming the submission.

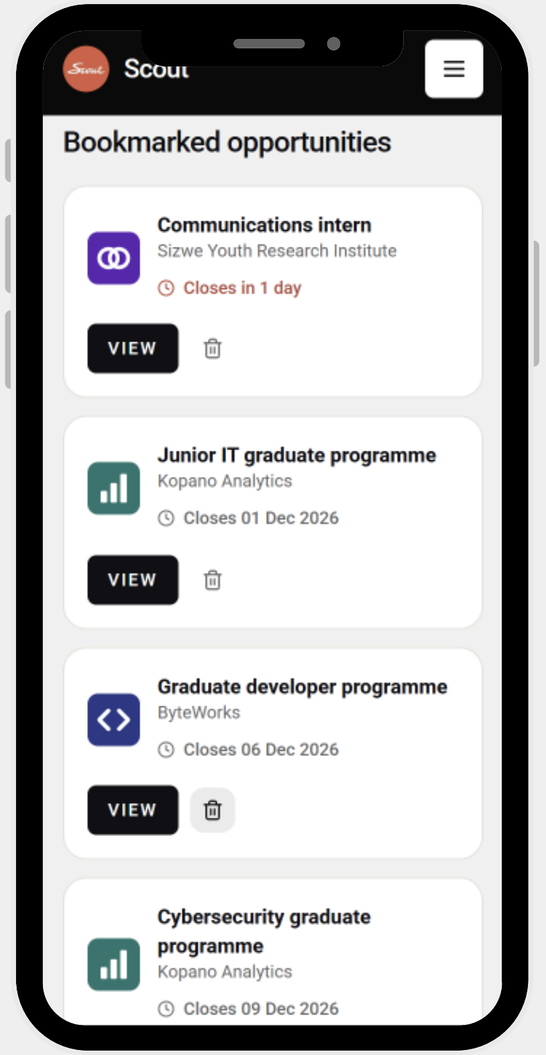
Viewing a receipt

1 Open the menu (≡) and select Watchlist to see My applications.

2 Find the application and select View receipt.

3 The receipt shows your name, the opportunity, the provider, the submission date and the progress steps.

Important: Keep your reference number. Use it if you contact Scout about an application.



Watchlist and Saved Opportunities

Purpose: To keep track of opportunities you are interested in.

Saving an opportunity

1 Browse opportunities.

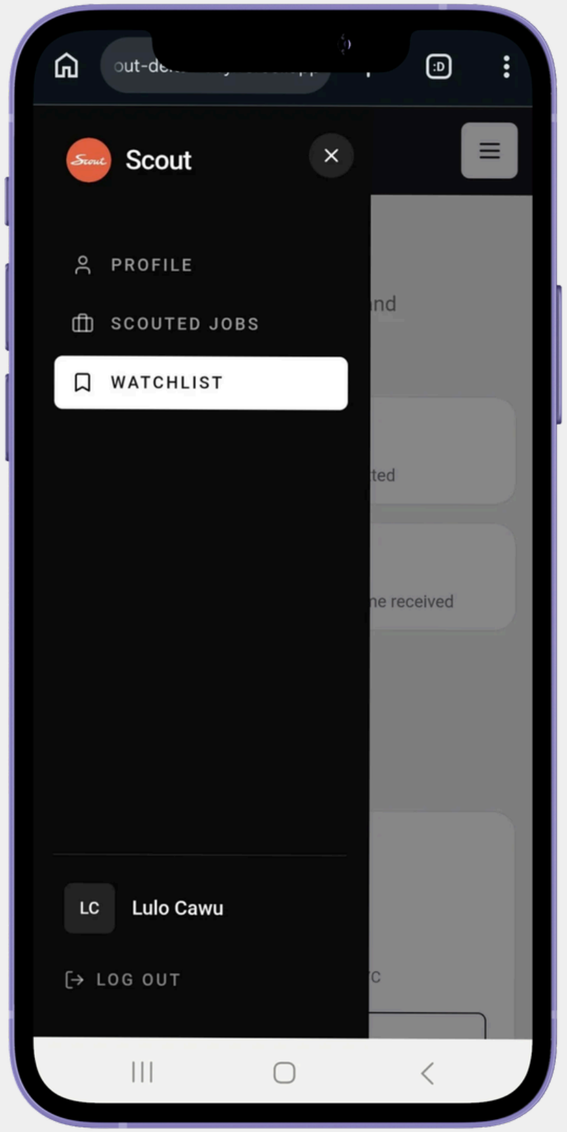
2 Select the bookmark icon on the opportunity card.

3 Open the menu (≡) and select Watchlist to see your bookmarked opportunities.

Managing saved opportunities

- Select View to open an opportunity and apply.
- Select the bin icon to remove it from your watchlist.
- Closing dates are shown on each card. Ones closing soon are shown in red.

Tip: Scout sends you a reminder before a bookmarked opportunity closes.



Application Tracking

Purpose: To follow the progress of your submitted applications.

Tracking applications

1 Log in and open the menu (≡).

2 Select Watchlist to open My applications.

3 Each application shows its current status and reference number.

4 Select View receipt for full details.

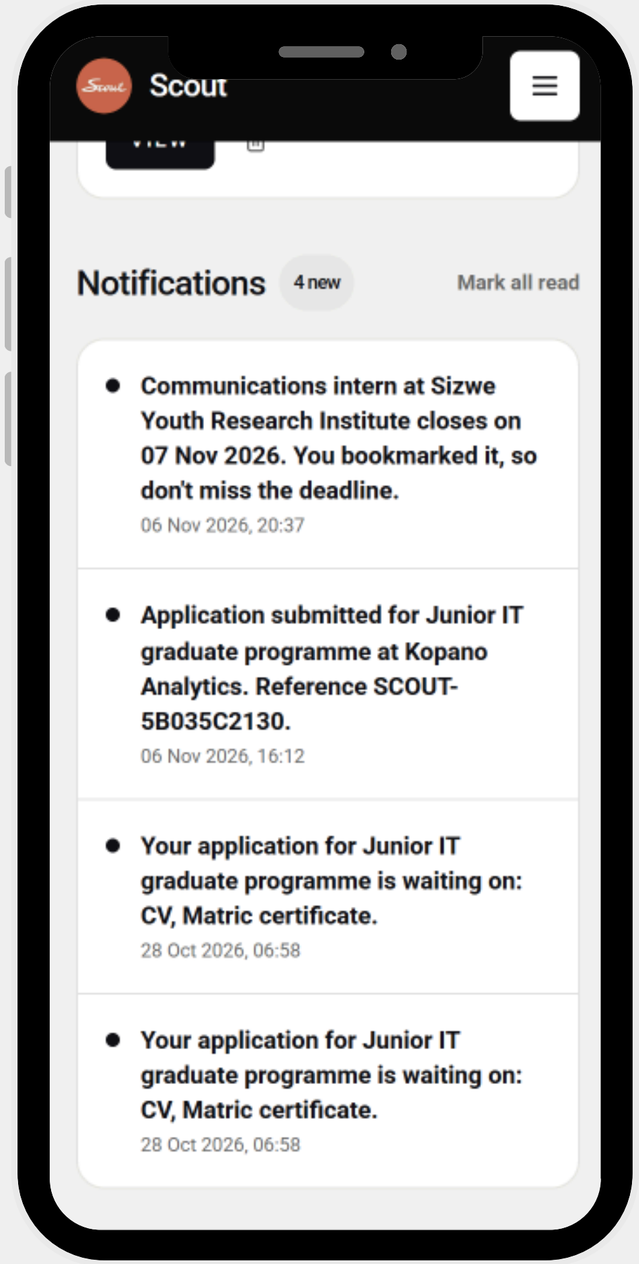
Application statuses

Submitted: your application was received.

Under review: the provider is reviewing it.

Outcome received: the provider has made a decision (successful or unsuccessful).

Important: Statuses are updated by the provider. You are notified when they change.



Notifications and Updates

Purpose: To keep you informed about your applications and saved opportunities.

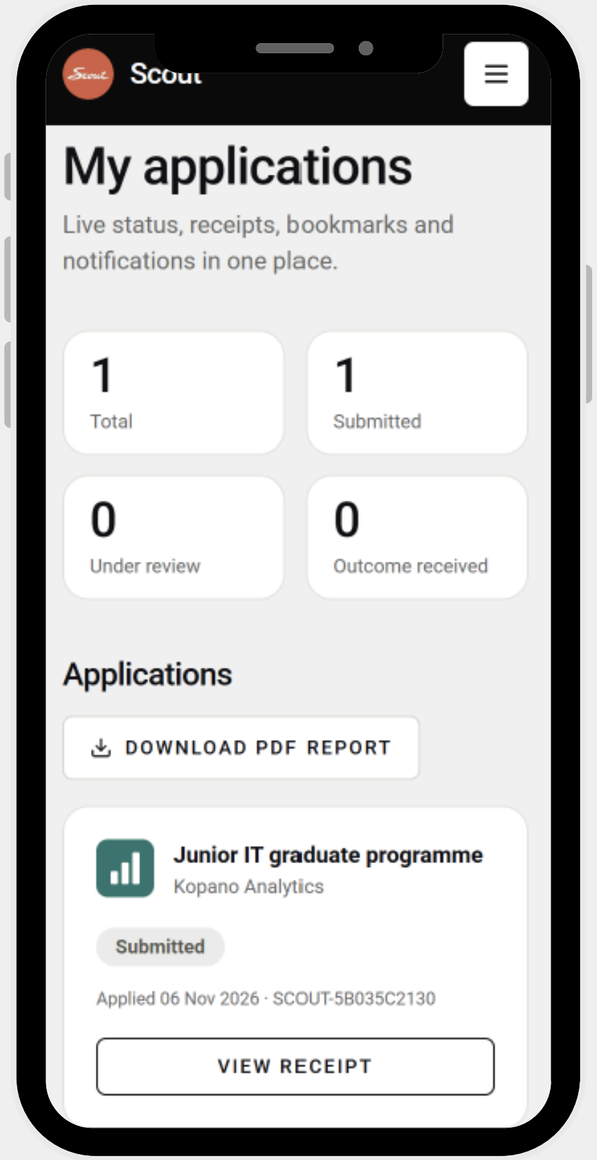
Where to find notifications

- Open My applications and scroll to Notifications.
- New notifications are marked. Select Mark all read to clear them.

You are notified when

- An application is submitted (with its reference number).
- An application is waiting on a missing document.
- An application status changes.
- A bookmarked opportunity is about to close.

Tip: Check your notifications regularly so you don't miss a deadline.



Student Dashboard and Progress

Purpose: To show all your activity on Scout in one place.

My applications dashboard

- Totals: all applications, Submitted, Under review and Outcome received.
- A card for each application with its status, date and reference number.
- View receipt on each card.
- Your bookmarks and notifications.

Downloading a PDF report

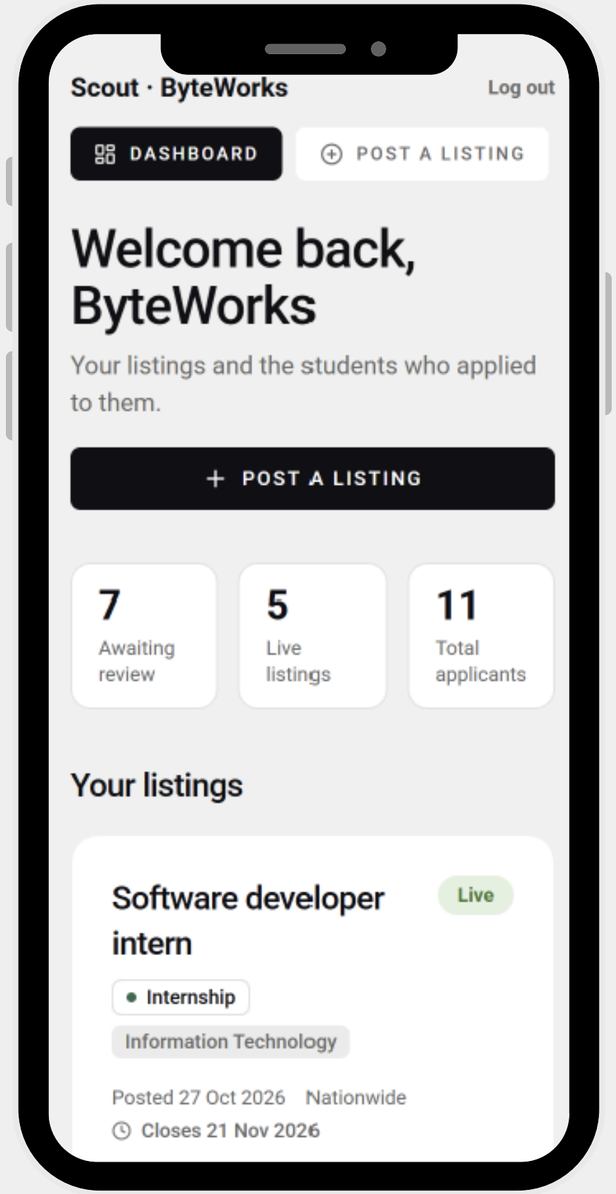
1 Open My applications.

2 Select Download PDF report.

3 Save the PDF summary of all your applications.

Tip: Keep your profile up to date so your matches stay accurate.

Using Scout Provider



Provider Dashboard

Purpose: To give providers an overview of their listings and applicants.

Getting started as a provider

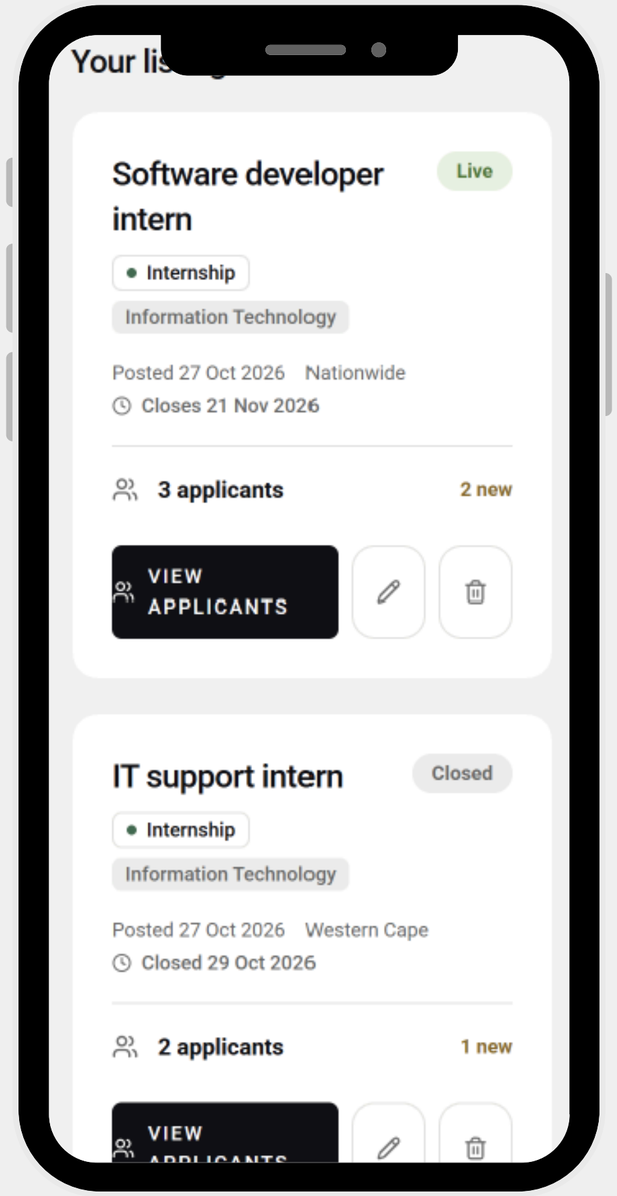
1 Select Get started, then choose to register as a provider.

2 Enter your company name, industry, province and (optional) phone number, then verify your email with the 6-digit code.

Dashboard features

- Awaiting review: applications you haven't reviewed yet.
- Live listings: listings students can currently see.
- Total applicants across all your listings.
- Your listings, each with its status and closing date.

Tip: Visit your dashboard regularly to keep your listings up to date.



Provider Listings

Purpose: To manage your opportunity listings and track applicants.

Listing overview

- Each card shows the title, status (Live or Closed), type and field.
- It also shows the posted date, location, closing date, total applicants and new applicants.

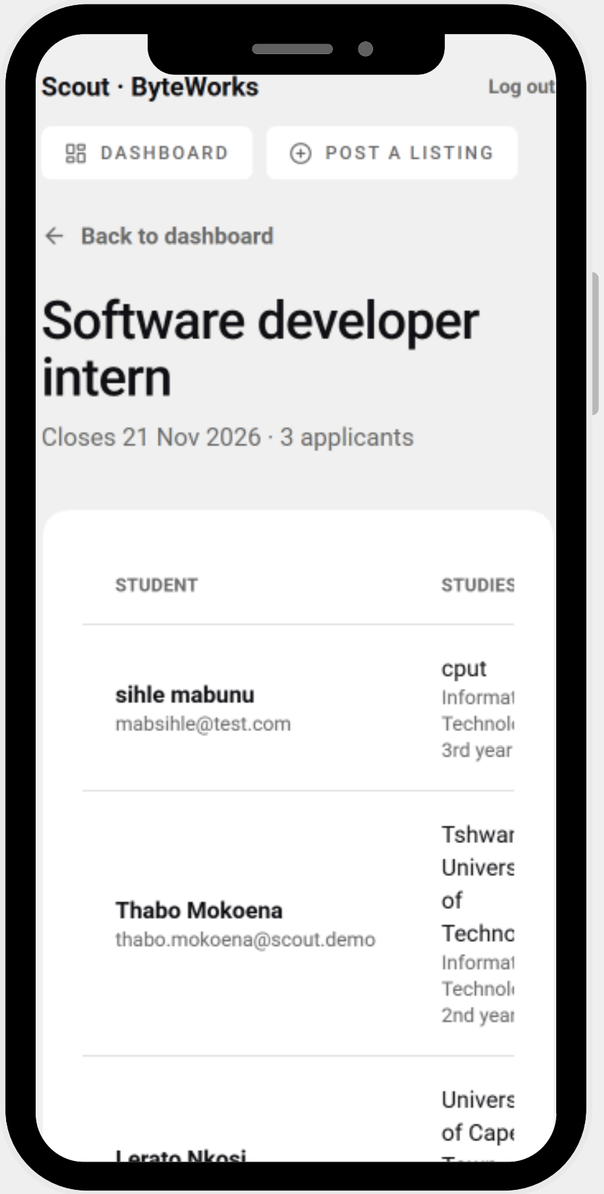
Managing a listing

1 Select View applicants to review candidates.

2 Select the pencil icon to edit the listing.

3 Select the bin icon to delete the listing.

Tip: Watch the new applicant count so you can respond promptly.



Viewing Applications

Purpose: To review the students who applied for a listing.

Applicant overview

- The page shows the job title, closing date and number of applicants.
- For each applicant: name, email, institution, field of study and year.

Reviewing applicants

1 From your dashboard, select View applicants on a listing.

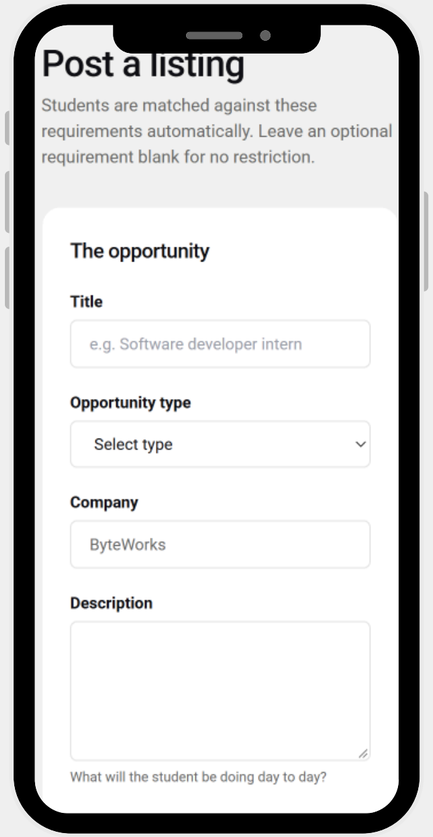
2 Review each applicant's details.

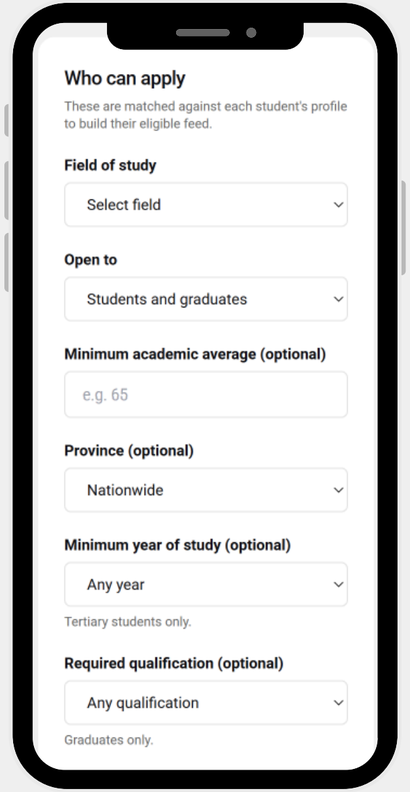
3 Update the application's status so the student is notified.

Navigation

- Use the Dashboard and Post a listing tabs, or Back to dashboard.

Tip: Review new applicants quickly to secure top talent early.





Post Listings

Purpose: To publish a new opportunity that is matched to eligible students automatically.

The opportunity

1 Select Post a listing.

2 Enter the title, opportunity type and company.

3 Write a short description and set the closing date.

Who can apply

4 Select the field of study and who it is open to (students, graduates or both).

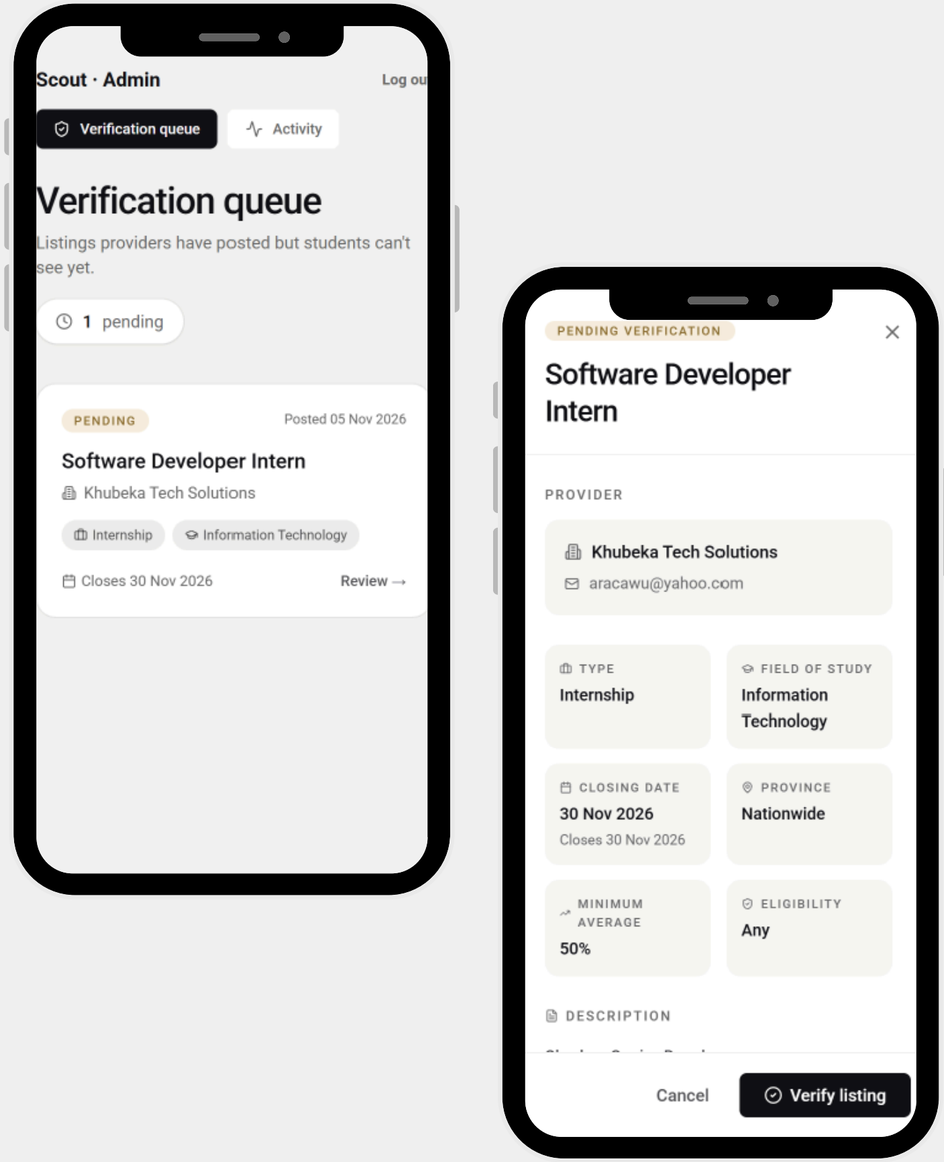
5 Optional: set a minimum average, province, year of study or qualification.

6 Select Post listing.

Important: Your listing is sent to an admin for verification. Students see it once it is verified.

Tip: Leave optional fields blank to avoid unnecessary restrictions.

Using Scout Admin



Verifying Listing

Purpose: To check new listings before students can see them.

Steps

1 Log in with your admin account.

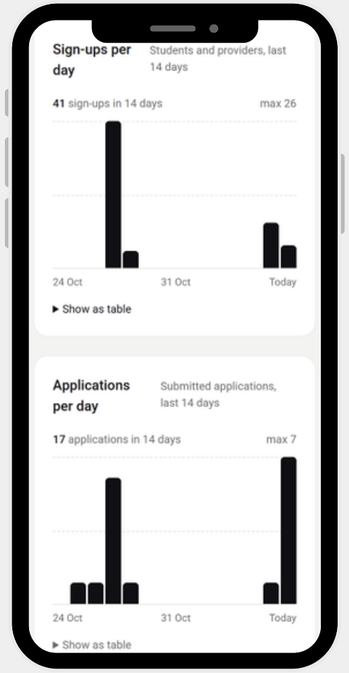
2 Open the Verification queue tab. Each card is a pending listing.

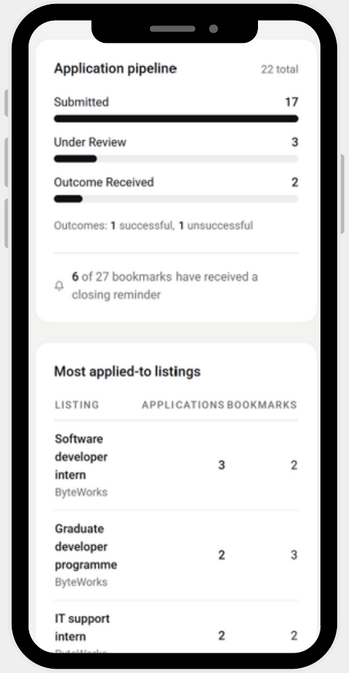
3 Select Review → to open the listing's details.

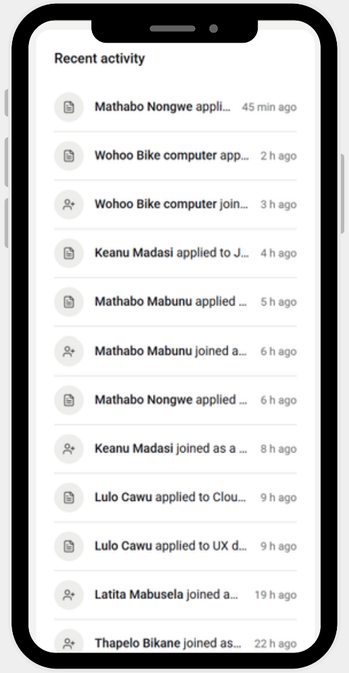
4 Check the provider, type, field of study, closing date, requirements and description.

5 Select Verify listing to publish it, or Cancel to close without changes.

Important: Students only see listings that an admin has verified.







Activity Dashboard

Purpose: To monitor how Scout is being used.

1 Log in as an admin and select the Activity tab.

Sign-ups per day: new students and providers over the last 14 days.

Applications per day: applications submitted over the last 14 days.

Application pipeline: how many applications are Submitted, Under review or Outcome received.

Most applied-to listings: listings with the most applications and bookmarks.

Recent activity: the latest sign-ups and applications.

Tip: Select Show as table to see exact numbers.

Troubleshooting

These are common issues and their solutions.

Issue: I can’t log in

- Check your email and password.
- Make sure your details are correct.

Issue: Registration fails

To fix this error:

- Check that all required fields are completed.
- Try again with valid information.

Issue: Document upload fails

You can try the following to fix the error:

- Check your internet connection.
- Make sure your file meets the upload requirements.

Issue: Application submission fails

To fix this issue:

- Check that all required information is provided.
- Try submitting again.

FAQ

What is Scout?

Scout is a platform that helps students find internships, learnerships and graduate programmes.

Can I upload my CV?

Yes, students can upload supporting documents to their profiles, where the feature is available.

Can I save opportunities?

Yes, through the watchlist feature, where available.

Who can use Scout?

Students and graduates looking for career opportunities.

Does Scout automatically apply for opportunities?

No. Students review and confirm their applications before submission.

How can I track my applications?

Students can check their application information and status through the application section, where available.

Feedback and Support

Getting help

If you have a problem while using Scout:

1 Check the Troubleshooting guide and FAQ.

2 Make sure your details are correct.

3 Check your internet connection and try again.

4 If the issue continues, email the Scout team at scout.communications@yahoo.com. Include your reference number if it is about an application.

Providing feedback

Help us improve Scout by reporting:

- Technical problems
- Incorrect information
- Difficulties using features
- Suggestions for improvement

Glossary

Admin: Scout staff who check listings before students can see them.

Application status: The stage of your application: Submitted, Under review or Outcome received.

Closing date: The last day you can apply for an opportunity.

Dashboard: Your home screen showing applications, receipts and notifications.

Eligible: You meet a listing's requirements (field of study, average, year or qualification, province).

Graduate: A user who has completed a qualification.

Listing: An opportunity posted by a provider.

Opportunity: An internship, learnership or graduate programme.

Profile: Your academic details, used to match you to opportunities.

Provider: A company or organisation that posts opportunities.

Receipt / reference number: Proof that your application was submitted, e.g. SCOUT-49F788DD7C.

Supporting documents: Optional files such as a transcript or proof of registration.

Tertiary student: A user currently studying at a university or college.

Verification code: The 6-digit code emailed to you to confirm your account.

Verified listing: A listing approved by an admin and visible to students.

Watchlist: Your saved (bookmarked) opportunities.
